

Bad Words

Well, hello my little friend. My name is Jacques and I am a member of the Tank Gang. These are my friends.

My job is to keep the tank and my friends clean. I eat the scum right off of them!
Yum...scum!

But even though dirty things go into my mouth, I never let dirty things come out of my mouth. I never call my friends bad names or use bad words. It would make my friends...my brothers and sister too.

And it would make my parents even sadder.

Most of all, when bad words come out of my mouth, it makes Jesus very sad.

Jesus tells us in Ephesians 4:29 that we should not let any bad words come out of our mouths, but that we should only say things that will make others feel good.

And bad words and calling people names don't make anyone feel good.

So remember, don't use bad words or call names and make others sad. Use nice words and good names when you talk to your friends or brothers and sister.

That will make everyone very happy.
